

NARRATIVE PHOTOGRAPHY ASSIGNMENT

Please bring **at least 3** (although more is better) to class. These pictures should represent important moments in your life.

Picture selection criteria:

- Two of the pictures can be from the last year, but try and choose the rest from different points in your past.
- Each picture should have some sort of story to tell. (Remember sometimes the best stories are those that seem insignificant at the time, but become something more important to you later.)
- Each picture should relate to who you are in some way, where you are from, and/or who is important to you (it's best if most of your pictures have people in them).
- You may upload the pictures to your Google Drive, or you may bring the physical copies to class. Whichever you prefer.

EXAMPLE:

Below is an example of some photos that show significant moments in my life. (Note: I included a brief explanation detailing why each moment was significant; however, you do **NOT** need to include a written explanation for this assignment.)

The day I graduated from Chico State! I was the first generation in my family to graduate from college. My oldest brother, Ryan, even came to watch me walk across the stage!

The day that I got married to my best friend (it had been a long time coming)! We had such an awesome day celebrating with friends and family!

The day I got my dog, Jessye! I chose this picture because I'll never forget the day that I brought Jessye home. I remember being sooooo excited because I'd never had my very own dog before!
